

Introduction:

Fourteen thatched chalets stretching either side of the lounge and dining room. Luxurious, spacious and built in our own unique architectural style, these accommodations welcome guests to unwind and nourish the body and mind.

As dusk approaches, the scents from the kitchen entice and seduce the senses. Our menu utilizes the region's rich organic flavor profiles. The basis of each meal is an eclectic mix of organic red meat, poultry and fresh Atlantic fish, combined with fresh locally grown vegetables. While you eagerly await your meal, snack on some of our desert olives alongside a selection of the best wines Africa has to offer, or simply sip a cold beer to quench your thirst after a day of adventure.
